Re: UAW Region 1 Newspaper, "Region One for All"

Greetings:

UAW Region 1 is pleased to accept article submissions for the Winter/Spring 2019 edition of our newspaper, "Region One for All." In the past, "Region One for All" has served as a great communication vehicle, giving members a space to voice their thoughts and highlight the work of their local unions.

While Region 1 is proud to assemble and print the paper for distribution, we rely on members to write the content. Any officer or member in good standing can submit an article for consideration, with signed approval from their local union president. We encourage all Region 1 local unions to participate.

Some ideas you might consider:

- **Holiday Community Services:** We strongly encourage locals to submit articles about any special community services activities at your local union during the holidays!
- **Standing Committee Activities:** Did one of your standing committees accomplish a special project? Is your local hosting a special recreational event? Tell us about it!
- **Organizing Drives:** Did your local union run an organizing campaign in the past few months? Ask a member of the new unit to write a story about what the experience meant to them.
- **Political Action:** Did your local turn out volunteers during the election season? Have you held a local politician accountable to campaign promises or hosted a political rally or gotten involved in an issue fight? Write a story!
- **Current Events:** Have something to say about trends in your industry, or something important happening at your work site? Want to write an article on current events affecting your local union, or the labor movement more broadly? Is something happening in your community that affects your members? This could make for a great article!

Page 2

- **Member or Retiree Spotlight:** Is there a special member or retiree at your local union who deserves a spotlight? Write up a story about who they are and what makes them so special.
- **History Lessons:** Many of our local unions have rich histories that are rarely told. This could be an opportunity to brag to the rest of us about interesting pieces of history that took place at your local!

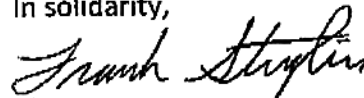

You are encouraged to be creative and explore topics outside of those listed above, so don't limit yourself to these suggestions!

Approved articles should be submitted by January 31, 2019. Late submissions will still be considered but may not make it into the Winter/Spring 2019 edition. *Note that if we do not receive enough submissions, we will not send the paper to print.*

Articles should be submitted in a Word document by email to Susie Reed at sreed@uaw.net. Also, you are strongly encouraged to send pictures to accompany your articles! Some submissions may also be featured on our Region 1 Facebook page or website.

We look forward to reading article submissions from your local unions, and to a successful run of "Region One for All!"

In solidarity,

Frank Stuglin, Director
UAW Region 1
