Re: **“Understanding Bargaining and Strikes” Training for Members**

Greetings:

We are gearing up for a major contract year. In order to actively participate in the process, it is important that our members understand how collective bargaining works and what to expect in the event of a potential labor dispute. Training has been made available to the local union leadership in Region 1 on bargaining and strike preparation, and now further training is available for the membership.

Region 1 is pleased to offer several 3-hour “Understanding Bargaining and Strikes” training sessions throughout the summer for members in good standing.

This training will be at no cost to the member or to the local union. Members must be registered and approved by their local union president in order to attend. The training will be completed in one 3-hour session. Several dates and times are available to accommodate members’ schedules. Please see the attached registration form for available times and dates.

Local unions are strongly urged to encourage members to participate in this training.

In solidarity,

Frank Stuglin, Director
UAW Region 1
